Pan-Steel® Stainless Steel Installation Tools – RT2HT and BT2HT Series

Panduit® Pan-Steel® Installation Tools work with Pan-Steel® Stainless Steel Cable Ties and Strapping to provide consistent, reliable bundling at the lowest installed cost.

- RT2HT and RT2HTN tools install extra-heavy .50" (12.7mm) through super-heavy .63" (15.9mm) cross section stainless steel metal locking ties.
- BT2HT tool installs .38" (9.5mm) through .63" (15.9mm) cross section stainless steel strapping.

These industry-leading ergonomic tools are designed to reduce operator fatigue, promote worker safety, and improve productivity, optimizing bundling and fastening in industrial and harsh environments.

**Key Features and Benefits**

### RT2HT and RT2HTN Installation Tools

- **Cable Tie Side Entry**
  - Allows quick side entry of tie into tool to speed installation

- **Multi-Position Rear Handle**
  - Provides flexibility for a one or two hand installation

- **Adjustable Tension Control**
  - Provides consistent bundle tension

- **Superior Cutter Design**
  - Reduces cutting effort by 50%, diminishing operator fatigue

- **Replaceable Cutter Blade**
  - Field repairable for long service life

- **Additional Feature of RT2HTN Installation Tool**
  - **Narrow Nose Design**
    - Allowing access to confined spaces

*Replaceable cutter blade available only for RT2HT and BT2HT.
**Replaceable cutter handle available only for RT2HT and BT2HT.
