QuickNet™ Copper Cabling System

The QuickNet™ Copper Cabling System provides a custom, pre-terminated cabling solution which meets unique requirements. Fast and simple to install, the system enables quick network deployment, increased reliability and lowest total cost of ownership as compared to field terminated installations. Engineered for maximum design flexibility and high rack density utilisation (up to 48 ports in one rack space), the system offers 100% factory tested pre-terminated cable assemblies in custom lengths and configurations. QuickNet™ Angled and Flat Patch Panels accept QuickNet™ Pre-Terminated Cassettes, Patch Panel Adapters, and blanks, which snap in and out, with one hand, for quick installation.

<table>
<thead>
<tr>
<th>Key Features</th>
<th>Benefits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Pre-terminated</td>
<td>Controlled factory environment provides consistent network performance while reducing installation time and on-site waste as compared to field-terminated installations</td>
</tr>
<tr>
<td>100% factory tested</td>
<td>Eliminates the time and cost associated with testing on-site and ensures verified performance (permanent link test data supplied with each cable assembly)</td>
</tr>
<tr>
<td>Wide range of cable types and performance levels</td>
<td>Category 6 UTP/FTP and Category 6A UTP/STP performance levels available in LSZH cable fire rating</td>
</tr>
<tr>
<td>Wide range of termination configurations and custom lengths</td>
<td>Cable assemblies allow customization including pre-terminated cassettes, jack modules, modular plugs, and/or unterminated cable options to provide design flexibility for all installations in lengths from 3 to 90m (0.5m increments)</td>
</tr>
<tr>
<td>Modular design</td>
<td>Pre-terminated cassettes snap in and out of QuickNet™ Patch Panels and include an integral release tab to ensure easy on-site moves, adds, and changes</td>
</tr>
<tr>
<td>Patch panel adapter accepts Mini-Com™ Modules for UTP, fibre optic and audio/visual applications</td>
<td></td>
</tr>
<tr>
<td>Standard and high-density solution</td>
<td>QuickNet™ Patch Panels in angled and flat designs enable 24 and 48-ports in one rack unit for efficient rack space utilisation</td>
</tr>
<tr>
<td>Assembly identification</td>
<td>Each cable assembly label includes part number, performance level, and serialised quality assurance number for future traceability; custom labels available upon request</td>
</tr>
<tr>
<td>Integrated bonding and grounding</td>
<td>Innovative shielded cassette and shielded jack design provides linear conductive path for proper bonding to QuickNet™ Shielded Metal Patch Panels</td>
</tr>
<tr>
<td>Keyed connectivity (optional)</td>
<td>Mechanically and visually distinguished connectivity prevents unintentional insertion into unlike keyed or non-keyed ports, offering additional network design flexibility and versatility accommodating the need for a more discrete network</td>
</tr>
</tbody>
</table>

Key Applications Include:
- Each QuickNet™ Cable Assembly is factory tested to electrical permanent link specifications
- TX6A™ 10Gig™ Copper Cabling Systems exceed requirements of ANSI/TIA-568-C.2, ISO 11801 Category 6A/Class EA Edition 2.1, and IEEE 802.3an standard for supporting 10GBASE-T requirements
- LSZH rated cables will be marked with the appropriate CPR Euroclass for the cable. Assemblies are not covered by CPR.
- TX6000™ Copper Cabling System exceeds ANSI/TIA-568-C.2 and ISO 11801 2nd Edition Category 6/Class E standards
- Jack modules utilise patented Giga-TX™ Technology which optimises performance by maintaining cable pair geometry and eliminates conductor untwist
- Modular plugs meet all applicable ANSI/TIA-568-C.2 requirements and exceed IEC 60603-7 specifications

Part number QZLXCB6XX3M5E represents a 3.5 metre QuickNet™ Cable Assembly constructed of White, LSZH, TX6A™ 10Gig™ UTP Copper Cable, bundled with expandable sleeving, with pre-terminated cassettes on each end that contain Blue TX6A™ 10Gig™ UTP Jack Modules.

1 – Q = QuickNet™
2 – Performance Level
   A = Category 6A UTP (TX6A™ 10Gig™ 1st Gen)
   Z = Category 6A UTP (TX6A™ 10Gig™ with MaTriX)
   X = Category 6A UTP (TX6A-SD™ 10Gig™ with SD MaTriX)
   H = Category 6A S/FTP (TX6A™ 10Gig™)
   U = Category 6A STP Stranded (TX6A™ 10Gig™)
   T = Category 6A U/FTP (TX6A™ 10Gig™)
   C = Category 6 UTP (TX6000™)
   L = Category 6 F/UTP (TX6000™)
3 – L = LSZH
4 – X = Market cable colour
5 – Termination End 1
   C = Cassette, J = Jack modules
   K = Jack modules staggered right
   L = Jack modules staggered left
6 – Termination End 1 Jack Module Colour
   A = Arctic White, B = Blue, E = Electric Ivory,
   G = Green, H = Off White, I = International Grey,
   Q = Modular plugs staggered left
   L = Modular plugs staggered right
   S = Modular plugs staggered right
   U = Unterminated
   O = Unterminated with cassette and jack modules for on-site termination
7 – Termination End 2
   A = Plug Pack
   F = Recessed plug pack
   C = Cassette, J = Jack modules
   P = Modular plugs
   K = Jack modules staggered left
   L = Jack modules staggered right
   Q = Modular plugs staggered right
   S = Modular plugs staggered right
   U = Unterminated
   O = Unterminated with cassette and jack modules for on-site termination
8 – Termination End 2 Jack Module Colour
   A = Arctic White, B = Blue, E = Electric Ivory,
   G = Green, H = Off White, I = International Grey,
   L = Black, O = Orange, R = Red, V = Violet,
   W = White, Y = Yellow
9 – Assembly Options
   P = Pulling Eye
   X = No assembly options requested
10 – Custom Labelling
    L = Custom assembly label
    C = Custom cable labels
    B = Custom assembly and cable labels
    X = No custom labels requested
11 – Assembly Length
    3 – 90 metres
12 – M = Metre Length
13 – Additional Length (0.5 increments)
    0 = No partial length
    5 = 0.5m partial length
14 – Bundle Option
    Leave blank for standard Kevlar thread wrap
    E = Expandable sleeving
    G = 5m sleeve on each end

</tbody>
</table>

All connectivity is wired T568B. Permanent link test results shipped with each cable assembly. All custom cable assemblies are non-refundable, minimum order quantity one.

Market cable colour is White for all above cable options with the exception of U (Category 6A Stranded TX6A™ 10Gig™), which is International Grey.

Part Number Legend:
- A = Arctic White
- B = Blue
- E = Electric Ivory
- G = Green
- H = Off White
- I = International Grey
- L = Black
- O = Orange
- R = Red
- V = Violet
- W = White
- Y = Yellow
- Q = Modular plugs staggered left
- L = Modular plugs staggered right
- S = Modular plugs staggered right
- U = Unterminated
- O = Unterminated with cassette and jack modules for on-site termination
- Q = QuickNet™
- P = Pulling Eye
- X = No assembly options requested
- L = Custom assembly label
- C = Custom cable labels
- B = Custom assembly and cable labels
- X = No custom labels requested
- M = Metre Length
- 0 = No partial length
- 5 = 0.5m partial length
