Panduit offers a broad selection of industry approved styles, sizes, and materials to meet a full range of electrical, industrial, and networking applications.

**Product Family**
- **PLT** Pan-Ty® Cable Ties
  - Most comprehensive product offering
- **SG** Super-Grip® Cable Ties
  - Withstand rough installations
- **BT** Dome-Top® Barb Ty Cable Ties
  - Metal locking barb; infinite adjustability
- **DT** Dura-Ty® Cable Ties
  - Acetal material; 20+ years outdoor service life
- **CBR** Contour-Ty® Cable Ties
  - Low profile head, parallel-entry, outside teeth
- **HV** Hyper-V™ Cable Ties
  - Teeth on both sides; 2-wedge locking design
- **SST** Sta-Strap® Cable Ties
  - Two-piece design, low thread force, lightweight
- **ERT** Elastomeric Cable Ties
  - Flexible, elastic material, UL 94V-0, releasable

Cable Tie Installation Tools

Panduit offers the most preferred hand-operated tools in the industry. These versatile tools can be used for production, maintenance or construction applications. Panduit cable tie installation tools promote worker safety, help reduce downtime, improve productivity and provide the lowest total installed cost. As with all Panduit products, quality in design and production along with customer service excellence, are assured.

Cable Tie Tools

- **GTS-E**
  - Used with SM, M, I, and S cable ties
  - Ergonomic design lowers the risk of repetitive motion injuries. Lowest activation and impact force to installer’s hand

- **GS2B-E**
  - Used with SM, M, I, and S cable ties
  - Metal tool with a durable powder coat finish
  - Ergonomic design lowers the risk of repetitive motion injuries. Lowest activation and impact force to installer’s hand

- **GTH-E**
  - Used with S, HS, LH, and H cable ties
  - Ergonomic design lowers the risk of repetitive motion injuries. Lowest activation and impact force to installer’s hand

- **GS4H-E**
  - Used with S, HS, LH, and H cable ties
  - Metal tool with a durable powder coat finish
  - Ergonomic design lowers the risk of repetitive motion injuries. Lowest activation and impact force to installer’s hand

- **GS4EH-E**
  - Used with LH, H, and EH cable ties
  - Metal tool with a durable powder coat finish
  - Ergonomic design lowers the risk of repetitive motion injuries. Lowest activation and impact force to installer’s hand

Pneumatic Hand Tools

- **PTS**
  - Used with SM, M, I, and S cable ties
  - Ergonomic design with impact resistant resin housing and black knob; replacement parts can be part of a scheduled maintenance program

- **PTH**
  - Used with S, HS, LH, and H cable ties
  - Ergonomic design with impact resistant resin housing and red knob; replacement parts can be part of a scheduled maintenance program

Visit [www.panduit.com](http://www.panduit.com) for our complete line of pneumatic tool accessories
Complete Your Bundling System

Tools

Manual Cable Tie Installation Tools
- Designed to speed installation for lower installed cost
- Flush tie cut-off limits exposure to sharp edges
- A full line of lightweight, ergonomic hand tools available
- Panduit leads the industry in reliability and performance

Automatic Cable Tie Installation Systems
- An efficient solution for high volume harnessing, assembly, fastening and packaging applications
- High speed tools lower installed cost and reduce operator fatigue
- Wrap, tension, and cut off cable ties in less than one second
- Microprocessor based controller monitors system performance for production data and reporting

Services

Custom Imprinting Service
- Products available for custom imprinting include cable ties, marker plates, marker and flag ties, hook and loop wrap ties
- Results in a professional, high quality appearance for identification and labeling as well as promotional purposes
- Options include company logos, website addresses, sequential numbering, phone numbers, graphics and text

Related Products

Cable Accessories
- Comprehensive line of mounts, clips, and clamps that organizes and routes cables, speeds and simplifies installations, and lowers overall installed cost
- Installation methods include adhesive backed, user applied adhesive, screws, rivets and push barb
- Accessories provide long term reliability while cable clips and clamps offer a one-piece solution to save time and reduce inventory

Stainless Steel Cable Ties
- Durable method of bundling, fastening and permanent identification in applications where severe environmental conditions exist
- Engineered for safety, productivity and durability by providing round edges and smooth surfaces, easy threading, high loop tensile strength and tight clamping
