## Net-Access ${ }^{\text {Tw }}$ S-Type Cabinets

SPECIFICATION SHEET

## specifications

Net-Access ${ }^{\text {T" }}$ S-Type cabinets are ideal for server application as these cabinets come standard with front fixed rails and rear adjustable equipment rails. The top of cabinet includes molded edge protection and snap-in covers, and pre-installed in cable entry openings to prevent air leakage. S-Type Cabinets are manufactured with a welded and assembled steel frame and are available in multiple widths, depths and RU heights.

## Standard S-Type Features:

- Front Single Hinge Door and Split Perforated Rear Door with 69\% Open Perforation
- Vertically Split Hinged Side Panels (if applicable)
- Vertical Blanking Panel
- 1 Set of PDU Brackets (SPDUBRK)
- Heavy-Duty Casters and Leveling Legs
- Ganging Brackets
- Rear Equipment Rails Accommodate Cable Management Fingers (Fingers Sold Separately)
- Fully Integral Bonded without the Use of Grounding Wires Equipment Rails, Door and Side Panels
- Static Load Rating - 3000 Ibs \& Rolling Load Rating - 2500 lbs

## technical information

| Available Cabinet <br> Sizes: | RU | Width | Depth |
| :--- | :---: | :---: | :---: |
|  | 42 | $600 \mathrm{~mm}\left(23.6^{\prime \prime}\right)$ | $1070 \mathrm{~mm}\left(42.12^{\prime \prime}\right)$ |
|  | 45 | $700 \mathrm{~mm}\left(27.6^{\prime \prime}\right)$ | $1200 \mathrm{~mm}\left(47.21{ }^{\prime \prime}\right)$ |
|  | 48 | $800 \mathrm{~mm}(31.5 ")$ | Steel with durable black or white polyester epoxy powder coat finish |
| Material: | EIA-310-E, TIA/EIA-942, UL2416 |  |  |
| Compliance: | Cabinet ships assembled, one per pallet |  |  |
| Packaging: | Indoor 19" rack mount equipment enclosure. Complete range of sizes <br> and integration with Net-Contain VED and all Aisle Containment Systems <br> optimize thermal efficiency. |  |  |

## key features and benefits

| Versatility | Wide range of cabinet designs available for specific thermal applications, <br> resulting in improved thermal efficiencies and reductions in energy expenditures |
| :--- | :--- |
| Total air <br> sealing | Panduit cabinets, thermal ducting, Cool Boot ${ }^{\circledR}$ product, integral blanking panels, <br> blanking foam strips, and blanking shade provide a complete thermal and <br> sealing solution by reducing bypass air and mixing of cold air and exhaust air <br> within the cabinet for improved thermal efficiency. (thermal parts sold separately) |
| Compatibility | N-Type and S-Type Cabinets can be ganged together for complete streamlined <br> appearance improving data center aesthetics |
| Rapid <br> deployment | Integrated casters to provide easy roll to position; cable management ready <br> rails included help speed deployment; easily adjustable rear rails can be <br> quickly repositioned; heavy duty leveling legs can be accessed from top or <br> bottom for faster deployment |
| Bonding | Cabinets and accessories are integrally bonded without the use of grounding <br> wires to provide a safe and reliable network while reducing installation costs |
| Cable | Provides bend radius control for each rack unit and can be positioned <br> management <br> where required on cabinet posts for cable protection for increased network <br> availability; provides design flexibility, scalability, and improved aesthetics for <br> easier moves, adds, and changes |
| Containment | Cabinet configurations for hot aisle/cold aisle or vertical exhaust ducting <br> deployments |
| Durable | Cabinets are powder coated in a durable, low maintenance polyester epoxy <br> paint available in black (RAL9005), or white (RAL9003) |
| coating |  |
